

Bone Marrow Failure Disease Scientific Symposium 2010

Building a Collaborative Research Community That Saves Lives

March 11-12, 2010

Hyatt Regency Hotel, Bethesda, Maryland

<http://www.aamds.org/symposium2010>

An Intensive Two-Day Conference Convening International Experts
at the Forefront of Research and Treatment of Bone Marrow Failure Disease

Presented by the Aplastic Anemia & MDS International Foundation and sponsored by the
NIH National Heart, Lung and Blood Institute and Office of Rare Diseases Research.

*Participants will develop specific recommendations for the highest priority and direction
for basic and clinical research needed to advance the field of bone marrow failure disease.*

Symposium Planning Committee

- Chair: *Richard M. Stone, MD*, Dana-Farber Cancer Institute
- Co-Chair: *Neal S. Young, MD*, Chief, NHLBI Intramural Research Hematology Branch;
- *John Barrett, MD*, Chief, NHLBI Stem Cell Allogeneic Transplant Section;
- *Pamela Becker, MD, PhD*, University of Washington
